

replacement pages for the sequence listing, a computer readable copy of the amended sequence listing, and a Statement in Compliance.

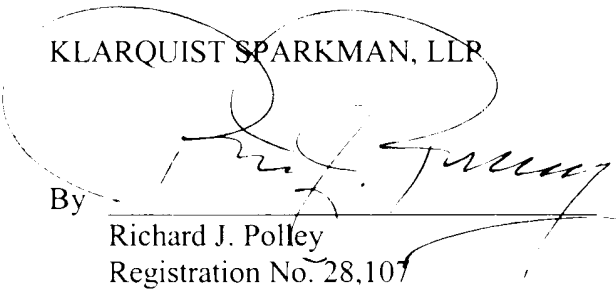

By this amendment, a change is made to SEQ ID NO: 16, which previously included 900 nucleotides of the *Arabidopsis thaliana* FAE1 transcription regulatory sequence. By the present amendment, SEQ ID NO: 16 is amended to include the entire 934 nucleotide sequence of the *Arabidopsis thaliana* FAE1 transcription regulatory sequence shown in Figure 1. Support for this amendment can be found in Figure 1 of the specification as originally filed. Specifically, Figure 1 as originally filed includes the entire 934 nucleotide sequence of the *Arabidopsis thaliana* FAE1 transcription regulatory sequence. Hence, no new matter is added by this amendment.

Applicants respectfully submit that the claims are in condition for allowance, and action to that effect is requested. If for any reason the Examiner believes that a telephone conference would expedite allowance of the claims, please telephone Applicants' representative at the number below.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
